

READING IS SUCCEEDING

Reading Workshops for Parents

How do we teach reading at Woolmore?

How can I help my child with their reading at home?

*"Overall, young people who enjoy reading very much are nearly five times as likely to read at the expected level for their age compared with young people who do not enjoy reading at all."
(Children and Young People's Reading Today, 2012)*

As you will have read in our latest newsletter, this term we are focussing on developing our children's reading skills and enjoyment levels. Growing children who read for pleasure needs to be done in partnership with home. We would like to invite you to a workshop session, where we'll share with you a little more information about:

- How we teach reading in your child's phase
- Tips and strategies for helping your child become a successful reader at home.
- Our new library and how you can use it
- Using the IDEA Store

This is also an opportunity to talk to other parents and share any tips and advice about things that are working for you with reading at home.
