Marvellous me
and

Why do you love me so much?

It's the start of a new year at school and we have so much to learn about each other! We need to learn lots of new names and find out what we **like** and **don't like**. We will read our **children's favourite stories** and find out more about each other. We will be learning about **ourselves, our families, our bodies** and what's **inside our bodies**. We will explore **our senses** – touching, tasting and smelling all sorts of things. We will think about how we **change** as we **grow healthily** and what helps that to happen. **Parents**, you have some work to do too, you will fill in an **“all about me” book** about your child to help us know more about your child and your family.
