

## Communication and language

- talk and listen to others and speak in full sentences
- use language to imagine and create roles in play situations
- maintain attention and concentrate during tasks.

## Expressive Arts and Design

- explore the different sounds of instruments
- understand how different media can be combined to create new effects
- build things in order to create something
- use dance, music and singing to express my ideas and feelings

## In Reception our Spring Term Topic is ...

### Tales From Around The World

During this topic, we shall understand and be able to:

## Literacy

- link sounds to letters, naming and sounding the letters of the alphabet
- begin to read words and simple sentences
- write words by using the sounds I know
- represent some sounds correctly in my writing

## Personal Social Emotional Development

- be able to speak confidently to others about my own needs, wants and interests
- know our school rules and use them to help us make good choices
- try new things and explore new situations

## Understanding The World

- talk about past and present events in our lives
- know about similarities and differences in relation to places, people and the world around us
- be aware that not everyone enjoys the same things as we do and be sensitive to this

## Maths

- estimate how many objects we can see and check this by counting
- recognise the number of objects in a group without counting
- add the number of objects in two groups together
- recognise, create and describe patterns.
- use language to talk about weight, length and height.

## Physical Development

- travel with confidence and skill
- handle tools and objects safely and with increasing control
- understand the need for safety when tackling new challenges.
