

## Communication and language

- use and develop language linked to the topic
- use the facts learnt about minibeasts and be able to discuss in group situations

## Expressive Arts and Design

- use a range of media to create various minibeasts
- look closely at the work of Matisse and create our own pieces of art using a range of colours
- introduce a storyline/narrative through role play

## In Reception our Summer Term 1 Topic is...

### Creepy Crawlies

During this topic we shall understand and be able to:

## Literacy

Write short meaningful sentences independently.

We will apply our phonic knowledge to write and read books linked to the sounds we have learnt.

## Understanding The World

Investigate and observe different minibeasts.  
Observe minibeasts in our outdoor area to identify similarities and differences.  
Observe change over a period of time.

## Personal Social Emotional Development

Use talk to express and clarify what we are thinking, in group situations.

Engage in role play as a group and introduce a storyline.

Listen to each other and share ideas.

## Physical Development

Know the importance of being healthy and what contributes to good health.

Develop control when using balls and other outdoor equipment.

Use one handed tools with care and control.

## Maths

Continue on our recognition of numbers to 20.

Recognise + - = signs.

Read and solve an addition and subtraction number sentence.

Use the appropriate language to describe length, weight and height.

To share objects equally.
