

ASTHMA AND ALLERGY FRIENDLY SCHOOL SELF CERTIFICATION CHECKLIST

Tower Hamlets Together invites your school to join the **Asthma and Allergy Friendly Schools programme**. This document is a **Self-Validation Checklist**. Please complete and return this form as evidence that your school has met the essential criteria. Once submitted, your school will receive an **Asthma and Allergy Friendly Schools Certificate**. If you have not yet met all the standards, please still complete and return the form. In this case, you will receive a certificate confirming that your school is *working towards* becoming an Asthma and Allergy Friendly School, which needs to be completed in 3-6 months.

Send this form to: David.Banks@towerhamlets.gov.uk and sultanax.begum@towerhamlets.gov.uk

Name of School	Woolmore Primary School
Address	Woolmore Street E14 0EW

ASTHMA AND ALLERGY FRIENDLY SCHOOL SELF CERTIFICATION CHECKLIST

No.	Criteria	Yes/No
1.	Asthma and Allergy Friendly Policy An Asthma and Allergy Friendly Policy has been reviewed by the school's leadership team/governing body and signed/approved.	Sent to GB on 22.6.26
2.	Asthma and Allergy Register An Asthma and Allergy Register (Medical Tracker) has been completed for students with asthma/allergy/wheeze.	Yes
3.	Access to Medication The school ensures all children with asthma/allergy/wheeze always have immediate access to their medication. (i.e. medications/spacers are labelled with the student's name in an easily accessible box or material bag).	Yes
4.	All children on the register have a Generic School Asthma Care plan The standard (Generic) plan, designed to replace the existing individual asthma plan, aims to simplify the process for you. No longer will you need to spend time and effort chasing up information from GPs, families, or school health services. 1. Plan Duration: Once the individual plan has expired, families can complete the new standard plan. This plan will remain valid for the entire duration of the child's time in school. Parents need to identify triggers and sign giving consent to use the emergency supply. It is crucial to keep a copy of the plan for reference. 2. For New Students: The standard plan should be used for all new students entering the school. 3. Student Involvement: In cases where students are deemed competent, they can sign the standard plan themselves. This is particularly applicable to secondary schools, where obtaining signatures from parents can be challenging. 4. Residential Trips: For students participating in residential trips, parents are required to fill out a medication administration form. Additionally, it is essential to ensure that the asthma plan accompanies the child during the trip.	Yes
5.	Children on the Asthma & Allergy Register have a parental consent form signed for the use of the emergency inhalers and auto injector pens. This is on the Standard Asthma and Individual Allergy plan.	Yes
6.	Emergency Kit The school has emergency kit/s on site that are accessible. These kits include inhalers, adrenaline pens and spacers and can be obtained using this letter . Emergency kits can be purchased at a discounted price from some Pharmacies. Make sure you ask pharmacists for long expiry times to prevent you from needing to order regular, they should have items with over 1 year expiry.	Yes
7.	Asthma and Allergy Awareness Session The school should ensure that staff who have contact with pupils should complete a awareness session every two years, to understand the basic support for children with asthma/allergy/wheeze as well as new staff. Online Awareness sessions in the form of videos or the School Health Team provide face-to-face whole school awareness sessions. Please speak to your named school nurse to arrange awareness sessions for your school.	Yes
8.	Asthma and Allergy Champion/Lead The school has appointed a member of staff or team to lead on Asthma and Allergy Friendly Schools, who is responsible for working with colleagues to implement AAFS.	Yes
